THREE CENTS

A Good Editorial

Writing in his usual brilliant style, Senator H. C. Rice of Brattleboro provides an editorial in his paper, the *Phoenix* of April 11, which we are sure our readers will appreciate because of its local concern. We quote:

"In a letter which is unusual in that it is 'not a request for financial support,' yet for that very reason may attract some, President William E. Park of the Northfield Schools reports both of those near-by institutions, 'full to overflowing,' with boys and girls in attendance from 31 states as well as from Africa, Brazil, Chile, England, Greece, India, Iran, Mexico, Puerto Rico, Bermuda, France, China, Cuba, Guatemala and Turkey. Northfield's tuition, by the way, still remains the lowest among college preparatory schools of the country, yet it has been able to give \$50,000 in scholarships. Under these circumstances, there is nothing surprising in Dr. Park's statement that 'never in the history of the schools have we turned down so many promising students.'

"One of the essential features of the education these schools provide is the work program in which all students participate. And another is the requirement that they study the Bible and attend religious services. There are also full programs of intramural sports, although as the president points out, the students are too busy to engage in a full schedule of sports with outside schools. Their time is fully taken up with a wide variety of extra-curricular activities which contribute to a "well-rounded" education designed to develop their bodies, minds and spirits."

"Since their foundation well over a half-century ago Brattleboro has been interested in the part Northfield Schools have played in the national education picture, and has numerous residents who have benefited from their training. It is glad to note that those now responsible for their operation show no sign of becoming weary in well doing."

Plan For Girl Scouts

On Wednesday evening, April 23, the members of the Girl Scouts of this town are to be given a special party and entertainment at the Congregational Church vestry by the local Council of which Mrs. Albert Anderson is chairman. The party will be directed by Mrs. Leander Kirk assisted by Mrs. Louis VanPhelan in charge of decorations, Mrs. Harold Frazer in charge of games and Mrs. Marshall Lanphear in charge of refreshments. The Scouts all dressed in their natty uniforms will be given a fine time.

At the recent Council meeting Mrs. Delmar Jewett, Jr., Mrs. James Gillespie and Mrs. Harold Breismaster were elected to serve filling the vacancies of retiring members, Mrs. W. B. Wells, Mrs. Marshall Lanphear and Mrs. Philip Mann, Jr.

Johnson-Dresser

In Northfield Tuesday, April 8th, at the parsonage of the Congregational Church, Miss Ruth Dawe, daughter of Mrs. Geneva Dawe and Robert D. Johnson, both of this town, were united in marriage with Rev. Joseph W. Reeves officiating. The couple were attended by Miss Lucretia Marshall of Greenfield and by Warren Hutchinson of Millers Falls.

The bride was dressed in green gabardine with a brown hat and a gardenia corsage. Her attendant wore a two-piece dress with black accessories and a rose corsage. The bride's mother wore a brown gabardine suit with contrasting accessories and a yellow rose corsage.

Following the ceremony there was a reception for the family members at the bridegroom's home on Parker Avenue where they will reside after their return from a wedding trip. The bride graduated from Greenfield High School in 1946 and the bridegroom is a graduate of Northfield High, returning recently from two years service in the Army.

Johnson-Dresser

In a quiet wedding at the home of Mr. and Mrs. Charles L. Johnson Wednesday afternoon, April 9, their son, Stanley Johnson, and Miss Muriel Dresser, daughter of Mr. and Mrs. James E. Dresser also of this town, were married by the Rev. Joseph W. Reeves of the Congregational Church. Mrs. Harold Young of West Springfield, sister of the bridegroom, and Edward Hurley of this town, were the attendants.

The bride wore an aqua gabardine suit, flowered hat, and a corsage of white roses. Mrs. Young wore a grey suit, flowered hat, and corsage of pink roses. The house was decorated with cut flowers. Only members of the immediate families attended the ceremony.

The young couple upon their return from an unannounced trip will make their home for the present at the Johnson home.

Mrs. Johnson is a graduate of Northfield High School, class of 1942, Northfield High School, class of 1942, and was in the Army over two years. He served in the Pacific. He is engaged in the plumbing business with his father.

Mrs. Minnie P. Evans

Mrs. Minnie Pollard Evans of this town, widow of the late Roselle Evans, died Thursday of last week at Bronson Inn where she had been convalescing after a long period of ill health. She was 79 years of age. She was born in Vermont and came to Northfield with her husband after their marriage to reside. She was a long-time resident and at one time was very active in local affairs. She leaves no near relative. Funeral services were at Kidders Funeral parlors on Saturday afternoon with Rev. Joseph W. Reeves officiating and burial was in Center Cemetery.

THE WINCHESTER NATIONAL BANK

Parmiter-Farnum

In a quiet wedding ceremony on Tuesday, April 8, Mrs. Mattie K. Farnum of West Northfield and Edward E. Parmiter of Lakewood, Ohio, were married at the home of the bride by Rev. Joseph W. Reeves of the Northfield Congregational Church officiating. Irving J. Lawrence sang two solos. Miss Dorothy Wilder was bridesmaid and Mrs. Leona Smith was matron of honor. Both are daughters of the bride and the bride's son, Lewis Wilder, was best man.

The bride was attired in a black and white dress with corsage of gardenias and red roses. The bridesmaid wore a blue dress with a corsage of dark pink roses. The matron of honor wore an aqua color dress with a corsage of light pink roses. The house was decorated with daffodils and anemones.

A reception followed the ceremony. The couple received many gifts. The couple left after the reception for Lakewood, Ohio, where they will make their home.

Auto Accident Record

The state Registrar of Motor Vehicles has released a compilation of motor accidents in the various communities of the state and the figures are interesting for comparison. When the record of Northfield is read, it reveals five accidents in 1945. There were no fatalities in either year. All of which shows that motorists should drive carefully and avoid any accident.

Taxes High And Low

It is estimated in a statement from Commissioner Long's office in Boston that the average tax in Massachusetts set by Assessors will be about \$7 higher this year than last year. The Northfield tax rate has not yet been announced but in the county several towns have reported. The high tax rate is that of \$62 set by Leverett for this year with lows of \$20 each for Ashfield and Buckland. Conway made a reduction of \$2 in its rate which is now \$40 and Orange will have a rate of \$44, which is \$4 more than last year. We have announced the rate for several towns but there are about a dozen yet to be heard from.

Visit School Rooms

Members of the Parent-Teacher Association met in regular session at Center School last Monday evening with Charles Scanlon president in the chair. There was much discussion about introducing some new features outside of school hours and some excellent suggestions were made. With many friends as guests the various rooms in the building were visited and refreshments were served in the lunch room. Several teachers were present to guide the visitors and explain the conduct of the classes as well as answer the many questions.

Property Restrictions

It is important that purchasers of property consider carefully any restrictions that exist or may have been placed on properties in early conveyances. In Greenfield with the passing of two parcels it was discovered that former owners in 1860 gave a right of view to each across the premises of the other and in a sale it was found necessary to ask the Legislature for a special bill to clear the premises of this incumbrance. Recently in a section of Northfield the matter of restrictions comes to the fore because all early deeds were subject to restrictions and agreements. Present owners must carry out all provisions contained in their deeds or in earlier deeds of the same property. Many restrictions in deeds rather benefit the property but purchasers should know and know conform.

The Hostels Publicize

Because Northfield is national headquarters of the American Youth Hostel this community is gaining wide publicity and fame in connection with the work for young people. Never since its organization has so much been said or printed of its purposes and plans as well as its past achievement.

A recent Boston paper devoted almost a full page to stories of its accomplishments especially of last year's reconstruction work in Europe of destroyed hostels. Its spring handbook just issued is full of valuable suggestions in plans for travel this year for youth and a new folder of 16 pages climaxes all the publicity for alluring interest. It's worth the effort to call at headquarters and get a copy of "AYH Travel 1947". Since the directors of the Hostel are residents of this town, Mr. and Mrs. Munroe Smith have become so well known to all that their name is a household word and both are frequently called upon to speak of their work and experiences and to illustrate their many pilgrimages by the colored movie film.

Mr. and Mrs. H. V. Frederickson and guests spent last week end at their summer cottage in Mountain Park.

The Fortnightly

Members of the Fortnightly heard an address by Edwin A. Mason of the Massachusetts Audubon Society on the "Wealth of Woodland Trails" on Friday afternoon, April 11. The speaker was introduced by Mrs. Cleland Cochrane president and his talk held the closest attention and interest of the women present. Tea was served by a committee consisting of Mrs. Joseph Morgan, Mrs. Fred T. Pallam, Mrs. George Peterlee and Mrs. Edward Powell. The next scheduled meeting is for Friday, May 2, at 3 o'clock in Alexander Hall and will be the annual session for elections. David Morton will be the guest speaker and will present several readings of his poetry.

Ready For Nursing

A most commendable effort just concluded was the training for home nursing of a class of young ladies by Mrs. Ruth Cembalisty, director of Red Cross home nursing for high school students. The members of the class who have completed the required thirty hours of instruction are Donna LaPlante, Pauline Johnson, Rita Mello, Shirley Miller, Doris Doolittle, Marion Andrew and Barbara Bolton. They will receive from the Red Cross Franklin County chapter a certificate of accomplishment.

The course was to teach them to be helpful to care for the members of their families in sickness under ordinary conditions. Dr. F. W. Dean and Miss Gowan, the town nurse, assisted in the instruction.

Booths Have Left

With the removal of the New England Regional offices from Northfield to Boston of the Youth Hostel, Mr. and Mrs. Donald Booth are leaving town to take residence in Harvard, and will serve from the Boston office. During their many years of work here, they have made many friends who regret to have them go.

Mr. and Mrs. Booth also regret to leave these friends for they have enjoyed their stay here and appreciate the privilege of having been located here.

all THE ELECTRICITY YOU WANT

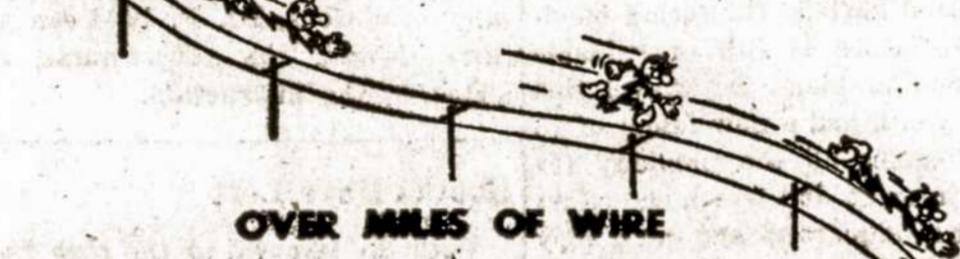

FROM GENERATING STATIONS

Careful planning, a large investment in generating stations and high tension lines, and interconnecting lines with neighboring companies are necessary to insure an uninterrupted supply of electricity for all customers under all conditions.

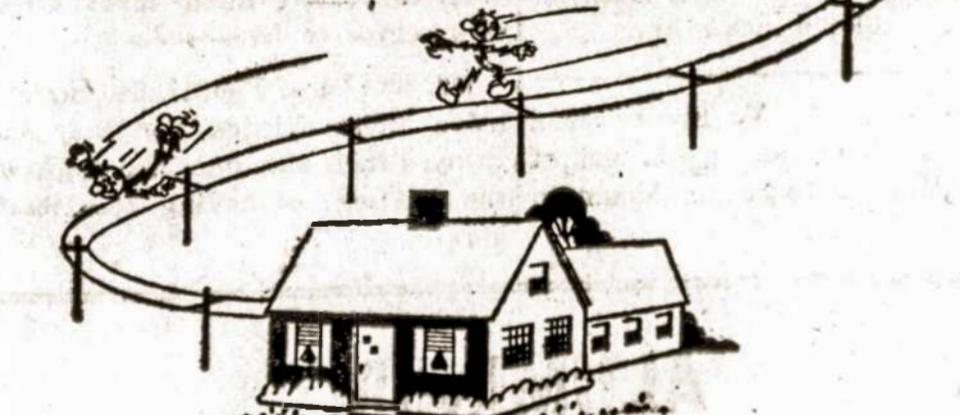

TO SUBSTATIONS

The power which comes cross country from the generating stations at high voltages goes first to substations. Here it is transformed and sent out over lower voltage lines to serve towns, villages and farms.

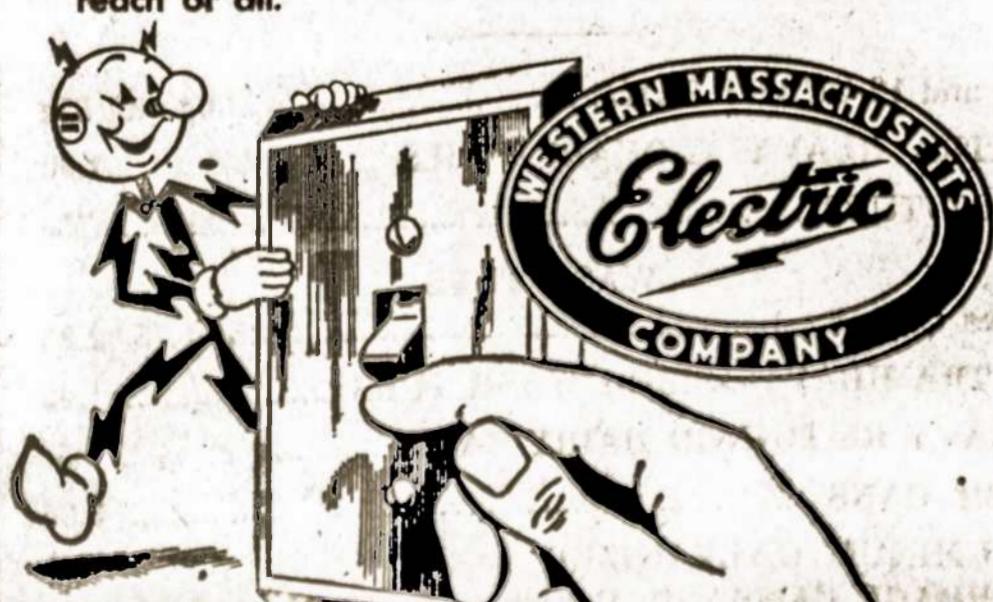

Altogether, your Electric Company uses 14,315 miles of wire on its transmission and distribution lines — enough to reach nearly 3/5 of the distance around the earth — to bring electric service to its western Massachusetts neighborhood.

TO YOUR HOME

At any moment of the day or night you have all the efficient, dependable electricity you want. Because of the steadily decreasing price of electricity, the "luxury" of electrical living is now within the reach of all.
